FACIAL CARE

BELLA DERMABRASION

Microdermabrasion is effective for the treatment of fine lines, wrinkles, hyper pigmentation, acne scarring, enlarged pores, and sun-damaged skin. After a facial-cleansing gel is applied, the gentle abrasive technique reveals newer, fresher skin. The skin is then nourished with a blend of botanical serums followed by a moisturizing mask and sunscreen. This process is safe, simple, painless, and results are seen immediately.

SPATERRE SIGNATURE FACIAL

This luxurious facial is our most advanced, targeting all the major signs of aging, acne and hyperpigmentation.

Our all inclusive treatment combines natural resurfacing ingredients to remove damaged, dull, discolored areas offering instant skinbrightening, wrinkle reduction and deep pore cleaning. Active vitamin antioxidants, hyaluronic acid are then applied to treat cells at the deeper skin level to activate collagen and elastin production and to provide maximum lifting. This facial includes a luxurious hand and arm treatment.

THERAPEUTIC FACIAL

This treatment is designed to promote the general health and appearance of skin by calming irritation, replenishing lost nutrients, and improving the skin's natural immune response to free radical, medical, or environmental damage. This facial is especially effective in treating rosacea, eczema, psoriasis, and severely dry and sensitive skin.

GENTLEMAN'S FACIAL WITH SCALP MASSAGE

This deep cleanse treatment is designed to exfoliate dry, dead skin cells, and target congested pores while hydrating dry areas. Warm towel compresses are used throughout the experience with invigorating scents of citrus plus a de-stress face neck and shoulder massage.

COLLAGEN INDUCTION THERAPY – ROLL AWAY THE YEARS

An extraordinary treatment that increases the concentration and penetration of professional medical grade anti-aging ingredients to increase hydration, assist in production of collagen and elastin, decrease pigmentation, and plump up wrinkles. A surgical grade CIT roller will be used, and those interested in bringing this unique therapy home will be instructed on its use.

TRANSFORMATION FACIAL

This treatment uses the power of sugar cane based exfoliators to open pathways that deliver vitamins and nutrients to the lower skin layers, where active cell production takes place. Dead skin cells will be exfoliated, lines and wrinkles will be reduced, breakouts are healed and skin will become more radiant, results are immediate. This facial includes a hand and arm massage using resurfacing and hydrating moisturizer.

VITAMIN C REVITALIZING FACIAL

To restore radiance, this superb treatment infuses the skin with Vitamin C to reduce signs of sun damage. Powerful antioxidants help re-establish the skin's clarity and repair damage done by time and the elements. Skin will be brighter, firmer and more radiant.

ULTIMATE TEEN FACIAL

This treatment is designed to treat problem skin; our resurfacing properties and detoxifying mask will remove impurities and heal affected breakout areas. Bacteria are reduced, skin becomes purified and pores are deeply cleaned.
